

# HACKAZARD

HACK 2022 – The Bengal Chapter  
Participate . Crack . Develop . Outstand

An initiative by PHAICO

# Know about Hackazard

HACKAZARD is an initiative of PHAICO to provide a platform bringing together the best and brightest talents to develop practical solutions to real-world problems. The idea behind this is to give exposure to the students on the emerging technologies in the industries by organizing, mentoring and sponsoring competitions and workshops.

"HACK 2022" is an event by HACKAZARD's Bengal Chapter where students across the West Bengal are coming together to compete amongst each other by showcasing their development and designing skills.

We promise to always bring innovative and competitive events for you in the future as well.

Jump on our website and follow us on our social handles for latest on events and workshops.

<https://hackazard.com/>

# Why take a part?

- **Compete amongst best talents** - We are covering almost every college in west Bengal.
- **Real world problems** – Not just competition but a real project solving real problems.
- **Attractive Rewards** - Winning will not just provide learning, however, various prizes and cash rewards will boost enthusiasm as well.
- **Interacting with different organizations:** -Our sponsor will not just be there for name's sake, however, will actually be adding value to the event.
- **Chances of internship:** Winning will bring the internship opportunities with us and our partner companies to the students

# Rewards & Recognition

## Cash Prizes –

1st: 25,000 INR + Sponsor merchandise

2nd: 15,000 INR + Sponsor merchandise

3rd: 10,000 INR + Sponsor merchandise

Opportunity to get internships at partner and sponsors companies.

# Mark the Dates

# Theme of the event

## E-Commerce Enablement

Build a product to enable a small, medium or even a large shop/establishment to go digital to sell it's product and services online

# Team Details

Build your strong team with balance

Maximum members can be 5

Ideal Team (just our suggestion)

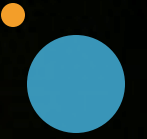

Backend: 2 members

Frontend: 2 members

Design: 1 member

Use cutting edge technologies from below slides to frame your ideas into products

# Tech Portfolio (pick any)

# Another Exciting opportunity for students

We invite students to get associated with Hackazard as **Campus Ambassadors**

A campus ambassador will be working closely with our organization and the college management for making the event a great success

Get associated with Hackazard by being face of your college.

Act as a medium between the host and college

Create awareness about the event amongst the students

Encourage teams to participate

Participate in marketing and advertisement activities

Manage updates and status of the event in respective college
